

## IMPROVING LEARNING OUTCOMES (IV APABAL CONVENTION)

### Advance Information

Following the suggestions gathered, during last year's APABAL Convention, and in order to properly serve our members and other participants, the association has decided to include two plenary sessions and six workshops run by expert keynote speakers and high-profile teachers.

The full programme will soon be posted on this website.

Meanwhile, we are pleased to provide advance information about some of our guest speakers and workshop presenters:

**Russell Stannard**, Educational Director, teacher trainer and awards winner for teaching excellence, will give a talk with the title "**Key technologies that can really impact on teaching and learning**". A talk packed with ideas for all teachers to try out.

For more information, please refer to: <http://russellstannard.com/>

**Jamie Keddie**, teacher trainer, writer and the founder of Lessonstream.org, will give a practical talk about teacher-led storytelling activities under the title "**The teacher as a storyteller**", suitable for all types of language teachers and learners.

For more information, please refer to: <http://lessonstream.org/>

**Ignacio Palacios** is currently a lecturer in the Department of English at the University of Santiago de Compostela. He will run a workshop under the title "**Teenagers as Linguistic Innovators**". He will present an overview of British teen talk and discuss its relevance and importance.
